Facilitating change – positively and effectively

Beverley Burrell MBA, DMS

Beverley is an experienced facilitator/trainer with strong empowerment, coaching and mentoring skills. She has diverse management and development experience with a range of public and private sector companies and organisations. A varied background incorporating coaching, training, change management, housing stock transfers & re-organisation, consulting, facilitation and networking combined with excellent conference and event organisation skills.

Specialist Skills

Beverley has concentrated on coaching and training in a variety of areas including, organisational change, group and individual coaching and experiential learning. In her housing career she has facilitated community consultations, youth forums and other regeneration activities.

Specific examples of team and individual development include:

- Cutting Edge ICT and data solutions company – Supporting them through a period of rapid growth.
- NHS Grampian – coaching Team Managers for Community Nursing and Health Visiting Teams during reconstruction of teams
- Management Team – as part of a Leadership Development Programme for a large Scottish charity employing 600 people providing specialist and housing services

- Local Authority – Supporting a large number of area housing managers and their principal officers through a major change programme
- Marie Curie Nursing Service – coaching the Manager for Clinical Group Supervision for nursing Services in Grampian
